Since 1950, NSU has actively supported the cultivation of new ideas and growing research networks in the Nordic countries. Particular attention has been paid to cross-disciplinary areas not yet targeted by larger research institutions. NSU is an independent think tank for the development of new research areas and emerging researchers. Participation takes place across academic borderlines. Career and generational divides are transcended along with institutional identity and language purity. NSU is organized as a Swedish non-profit organization, sponsored by the NordForsk.
